

The Western Kentucky/Southern Illinois Stunt Champs were flown under much nicer temperature conditions with 91 degrees being the average; instead of the 107 heat index we have had in the past three years. Twenty-three pilots entered and flew eight events over our two day contest time schedule. August 18 and 19 will host the 2012 version of the WKSJ. Put it on your calendar for next year as this is the third week-end of the month.

SATURDAY, August 20, flown from 9:30am until 4:30pm
